

### “ How it works” page:

1. Rental process: please make it as numbers . Not a stage nor level. **DONE**
2. it not clear for cars or tools. **??**

### The first process:

1. Third step: “ Send your request” **DONE**
2. Forth step : “ Wait the approval” **DONE**
3. fifth step: “ Owner will make Absher Authorizations” **DONE**

### The second process:

1. Third step: “ Mark the product as available” **DONE**
2. Fourth step: “Waite orders” **DONE**

There is PHP error. **??**

### main home page:

2. remove “ the first b2b rental portal” **DONE**
3. “learn more” is not working. **DONE**
4. statistics on the main page should be shown to the Admin only now. we will add them at later stage. they are good but not at the beginning, **DONE**
5. contact detail should be updated ... same as Mroogle. **DONE**
6. remove “the first platform on the middle east” **DONE**

### about us page:

1. existing text should be titled as “ Our policy” and change “By submitting below” to “ By registering with us”. **DONE**
2. Add the following test under “about us” title: .... **DONE**

#### “cars” page:

1. nit working. it gives me error. **DONE**

### “ tools” page:

1. if i choose date wrong date it does not give me error: “To” is older than “From”
2. colors on the boxes should be changed: - the message of availability should have clear indication and mark as an image that the product is available ... not like a button. - “ confirm the rental process” should be yellow with text showing that this button is to complete the order. **NOT YET**
3. once i make successful search ... delete the message “ Enjoy a great trip .... ” **??**

### “Contact” page:

- need to be redesigned properly with updated contacts like Mroogle. **NOT YET**

### “Support Center”

- we have to add our whatsapp. **DONE**

### “Faq’s” page:

- we need to add details please. **??**

### General:

- if i logged in and try to add a tool it will direct me to login page. **??**
- i could not test the rental functionality, its not working. **??**
